ALL KIDS Get 1 Glow Stick

1 Songs (Sean, Briana)

Techno Dance Party – Lights Out (Sean play techno)

Mixer: Strobe Light Volleyball (Jessica)

Split the group into smaller teams 5-10 each. Then have the team come up with the longest word they can “glow stick” by moving their glow sticks fast to a strobe light. Words like “IT” and “MOO” and “BOOOO” are goof.

Split club into two sides. Have helpers hold white sheets across the room as a “net”. Give every kid a piece of newspaper to wad up into a ball. Turn out all lights, turn on strobe light. Have kids throw newspaper back and forth while techno music plays. Team with the least newspaper on their side at the end wins!

You can also do this by tossing the glow sticks back and forth.

Supplies: Newspaper, strobe light, sheets, and candy (for the winners).
